FANUC Robotics Training

Training Overview

FANUC America Corporation provides industry-leading robotics, CNC systems, and factory automation. **FANUC's** innovative technologies and proven expertise help manufacturers maximize efficiency, reliability and profitability.

Through Fostoria Learning Center's unique partnership with **FANUC America Corporation**, we are able to provide

- Level I **FANUC Robotics** training (Handling Tool Operations & Programming); and
- Level II **FANUC Robotics** training (iRVision Operation & Programming – 2D) using **Certified FANUC Hardware & Curriculum**.

The course is multi-faceted and includes: Prerequisite eLearning on Basic Concepts, Terminology & Safety, Lectures, Chapter Reviews, Hands-on Lab Time and Assessments. The course content covers the tasks that an operator, technician, engineer or programmer will need to setup, record and/or troubleshoot programs on a **FANUC Robotics** Handling Tool Software Package.

Learn the Skills Industry Demands from a FANUC-Certified Instructor!

Cost

$1936.00* per person

* price subject to change based on FANUC AMERICA CORP
